SUMMARY

Experienced and detail-oriented financial professional with outstanding interpersonal, analytical, and organizational skills. Attempting to make the jump from Finance to Software Development via an online Thinkful bootcamp. Hard-working and focused with a high degree of motivation willing and able to work in any team environment.

WORK EXPERIENCE

Sales and Execution Broker New York, NY
JB Drax Honoré Feb 2020 – Sep 2021

- Offered dedicated sales and coverage to 20-30 Fixed Income clients within the US Rates business
- Facilitated sophisticated client trades across US Treasuries, futures, synthetic spreads, outright, and rolls
- Generated nearly \$4mm in execution-based profits for the firm while executing on behalf of my clients
- On-boarded multiple accounts from start to finish, including the successful implementation of STP
- Discussed RV trading strategies and optimal execution to increase profits for Institutions and Hedge Funds

Associate Trader New York, NY
Bank of America Merrill Lynch July 2016 – Aug 2019

- Provided liquidity and market-making expertise to a global client base in UST secondary markets
- Managed a portfolio of securities and futures averaging \$3bn in balance sheet focused on the 2-3y point
- Generated over \$10mm in trading profits during my last 6 months on the desk (RV, futures, flow, macro)
- Consolidated and distributed personal commentaries, insights, and trade ideas externally to 1.5k+ people
